

GreySellsGlobal^{Ltd}

Press Release

image

GreySellsGlobal are pleased to announce the publication of their second North Sea oil and gas wall map – **The UK North Sea Marginal Fields & Infrastructure Map**

Published to coincide with the opening of the 2019 SubseaExpo, being held at the Aberdeen Exhibition and Conference Centre, 05-07 February, this map will be freely available from the GSGL booth, number 162.

Covering all existing and possible North Sea offshore fields, installations (fixed, floating and subsea), by status (operational, future, shut in and decommissioned), licence blocks, well locations and pipelines, with the addition of Topical Coverage featuring all UK Marginal Fields, Production Hubs (future and currently operational) and Tiebacks with near-term potential.

Possible North Sea Developments and Map Stats, covering Fields by Scheme and Subsea Tree Installations by Field Status also featured, are kindly provided by Axiom EMI, London.

Folded and rolled copies will be available.

About GreySellsGlobal Ltd

Aberdeen based GreySellsGlobal Ltd, offer over 30+ years of experience in the generation and publication of regional activity and forecast maps for the offshore energy sector and continues the tradition of publishing high quality, user friendly, industry reference wall maps, with a fresh, topical and informative style.
