

Press Release

08 November 2019

GreySellsGlobal announces the release of the

The Concise North Sea Map – BOARDROOM edition

There brand new, fully updated North Sea Oil and Gas Activity Map features the locations of all the current operational fields and existing infrastructure, plus the new marginal fields and 'pools' and shows a relationship to the existing operational fixed and floating platforms and subsea tie-backs.

The map also features recent named discoveries and all new licence block awards, including the UK 31st round.

The Concise North Sea Oil & Gas Activity Map - Boardroom Edition is only available by direct order from their web site – www.greysellsglobal.com

The map is purposely free of advertising, as is included in the free exhibition release editions, to give an impartial reference point within boardrooms and meeting rooms.

The map is printed and despatched to order and can be laminated/encapsulated if required. The map is supplied unfolded. Finished size of the map is 1050mm x 1485mm.

Options to personalise this unique map with your own company branding TITLE PIECE is also possible, please follow the link below.

For further information on how to order this unique map contact steve.adams@greysellsglobal.com

About GreySellsGlobal

The Aberdeenshire based company, GreySellsGlobal Ltd, was established in 2017 by Steve Adams who offers over 32 years of experience in the generation and publication of regional activity and forecast maps for the offshore energy sector and continues the tradition of publishing high quality, user friendly, industry reference, with a fresh, topical and informative style.

The company's range of maps to date include The Concise North Sea, NW Europe Offshore Decommissioning Activity, NW Europe Hubs, Pools and Tiebacks, South and East Africa, and The Mediterranean & Black Sea, with further maps to follow in 2020 covering Norway, Baltic and Barents Sea Energy Map and the Offshore West Africa Region. Business Strategy support also available.
